

Join Us for Our No Kings Rise Up, Sing Out June 14, 2026

The "No Kings" movement has announced historic protests on June 14th, a nationwide day of action and community events to counter Trump's lavish White House birthday spectacle and UFC cage match.

From the No Kings website (<https://www.nokings.org/>):

The Next 250 Starts With Us.** As America approaches its 250th anniversary, we can let strongman politics and corruption define the moment. Or we can make the story of America about people coming together — across race, background, identity, belief, and community — to defend our rights and build a future rooted in people power. **On June 14, we rise up, we sing out, and we keep organizing.

***June 14: Our Rise Up, Sing Out Event.** A Concert for the First Amendment. An Evening to Build Community. On June 14, the national concert celebrates the freedoms that belong to all of us: speech, assembly, protest, religion, press, and expression. Across the country, communities will gather for local watch parties to sing along, make art, share food, connect with neighbors, and take meaningful action together.*

Jeff Davis County Democrats: Our No Kings – Rise Up, Sing Out Party - June 14th

Trump will be marking his birthday once again with made-for-tv spectacle. This time, instead of emulating dictators with a military parade, he'll be playing Roman emperor with a cage match for his amusement at the White House.

But not us! The Committee for the First Amendment, with enthusiastic support from the No Kings Coalition, will be counterprogramming his little stunt with a nationally livestreamed concert featuring prominent activists and musicians.

Locally, we will be gathering at the Democratic Headquarters for a live-streamed Concert Watch Party and sure hope you will join us. On June 14, meet at the office, 103 State Street at 5:00 PM. The party is BYOB and a snack to share. A great time to make new friends.
