January Edition

Our introductory version of Truth Posts was ruthlessly pilfered from an amazing collection of posts on Beth Francell's Facebook page, posts that get to the heart of the matter. Thanks to Beth for her collections. We are now beginning to add new entries (or more accurately posters) to the Truth Posts page. Please send us your own suggestions.

Moral Lessons

**Letters from an

Heather Cox
Richardson,
Substack**

In 1817, given the choice of subjects to paint for the Rotunda in the U.S. Capitol,

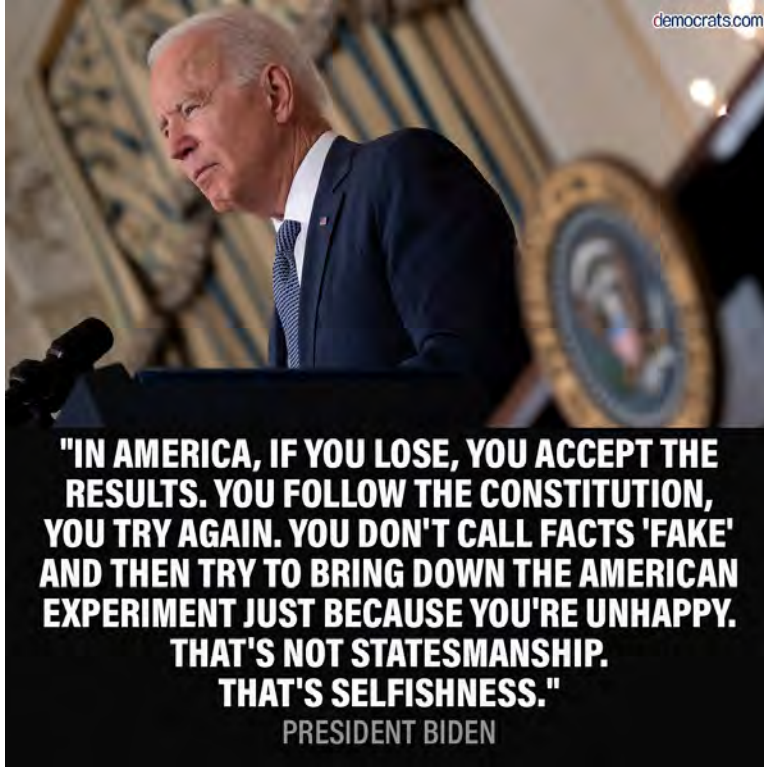

being rebuilt after the British had burned it during the War of 1812, fine artist John Trumbull picked the moment of Washington's resignation. As they discussed the project, he told President James Madison: "I have thought that one of the highest moral lessons ever given to the world, was that presented by the conduct of the commander-in-chief, in resigning his power and commission as he did, when the army, perhaps, would have been unanimously with him, and few of the people disposed to resist his retaining the power which he had used with such happy success, and such irreproachable moderation."

Madison agreed, and the painting of a man voluntarily giving up power rather than becoming a dictator hangs today in the U.S. Capitol, in the Rotunda. It hung there over the January 6 rioters as they tried to overturn the results of the 2020 presidential election and put in place their candidate, who insisted he should remain in power despite the will of the American people.

And it hangs there today, representing 240 years of the American republic, as that same man promises that if he is reelected, he will be a dictator only "on day one."

"IN AMERICA, IF YOU LOSE, YOU ACCEPT THE RESULTS. YOU FOLLOW THE CONSTITUTION, YOU TRY AGAIN. YOU DON'T CALL FACTS 'FAKE' AND THEN TRY TO BRING DOWN THE AMERICAN EXPERIMENT JUST BECAUSE YOU'RE UNHAPPY. THAT'S NOT STATESMANSHIP. THAT'S SELFISHNESS."

PRESIDENT BIDEN

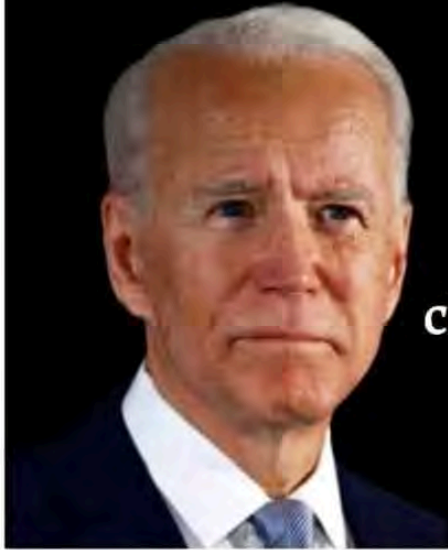

COURTS HAVE NOW DETERMINED THAT TRUMP CONSPIRED TO DEFRAUD THE UNITED STATES, CONSPIRED TO OBSTRUCT AN OFFICIAL PROCEEDING, SEXUALLY ASSAULTED SOMEONE, AND ENGAGED IN INSURRECTION. THAT'S YOUR LEADING REPUBLICAN CANDIDATE. YET, THE MEDIA QUESTIONS PRESIDENT JOE BIDEN'S AGE.

How do you call yourself a journalist @megtirrell @CNN and not mention this is all thanks to @POTUS and the Inflation Reduction Act...which zero Republicans voted for??

Democrats' Inflation Reduction Act will help you save \$\$\$ on health care costs!

- \$35/month cap** on insulin for 3.3 million older adults on Medicare who have diabetes
- \$2,000/year cap** on out-of-pocket drug costs for 50 million folks on Medicare
- \$800/year in savings** on health care coverage for 13 million Americans
- Health coverage for **3 million more Americans**

Democrats deliver for the American people, while MAGA Republicans want to **REPEAL** these cost-cutting benefits!

While costs remain too high, under President Biden's economic plan we continue to make progress bringing inflation down and lowering costs for American families.

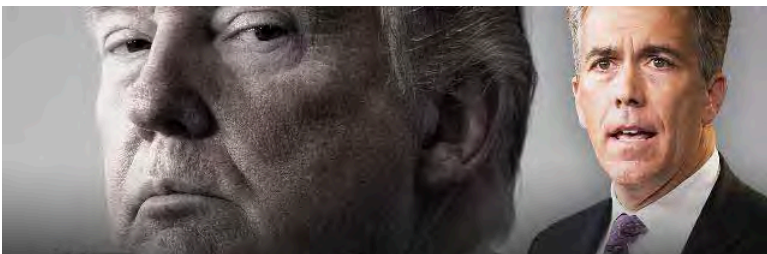

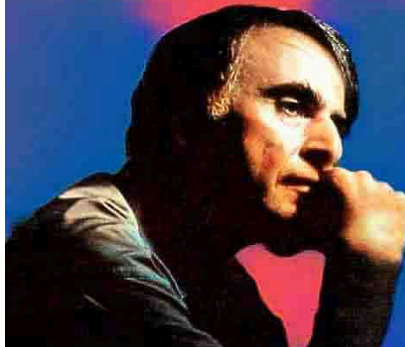

MAKING PROGRESS ON LOWERING COSTS

- ↓ Inflation is down two-thirds from its peak
- Prices for producers remained flat in November
- ↓ Gas prices under \$3 at most gas stations

“Evolution is a fact, not a theory. It really happened, and the fossil record and the molecular biology all confirm it. And yet, in this country, the United States, which is the leading scientific country in the world, we have people who are not only ignorant of science, but who are actively hostile to it and to the scientific method. And that is a serious problem, because science is not just a body of knowledge, it’s a way of thinking. It’s a way of skeptically interrogating the universe with a fine understanding of human fallibility.”

TRUMP'S SUCCESS STORIES

I'm the best businessman in the world because I know how to **NEGOTIATE.**

1. Bought the Trump Plaza hotel for \$400 million.
Repossessed by the bank.
2. Bought his yacht for \$29 million.
Repossessed by the bank.
3. Built 4 Casinos at a cost \$3 billion
Filed for bankruptcy and went out of business. Stuffed contractors and employees.
4. Started Trump Airlines. Never made a profit.
Planes and Helicopters repossessed by Citibank.
5. Trump Mortgage, Trump Vodka & Trump Steaks.
All went out of business.

POINT COUNTER POINT

**"Trump sounds like a 12-year-old - a willful and abusive braggart. He is remarkably ignorant and uneducated about the world that we face and the means we may use to defend ourselves. I served in the Armed Forces for 32 years. At retirement, I was a four-star joint-theater commander. In my considered judgment, Trump is unqualified to be the president of the United States and fulfill the role of commander in chief of the 2.2 million men and women of the Armed Forces."

WHAT IS THE FBI? FOR DUMMIES

Since 1924 the FBI has been the Republican party's pride and joy.

Every single Director of the FBI since 1924 through today has been a Republican.

The FBI is considered to be the most conservative government agency in the USA.

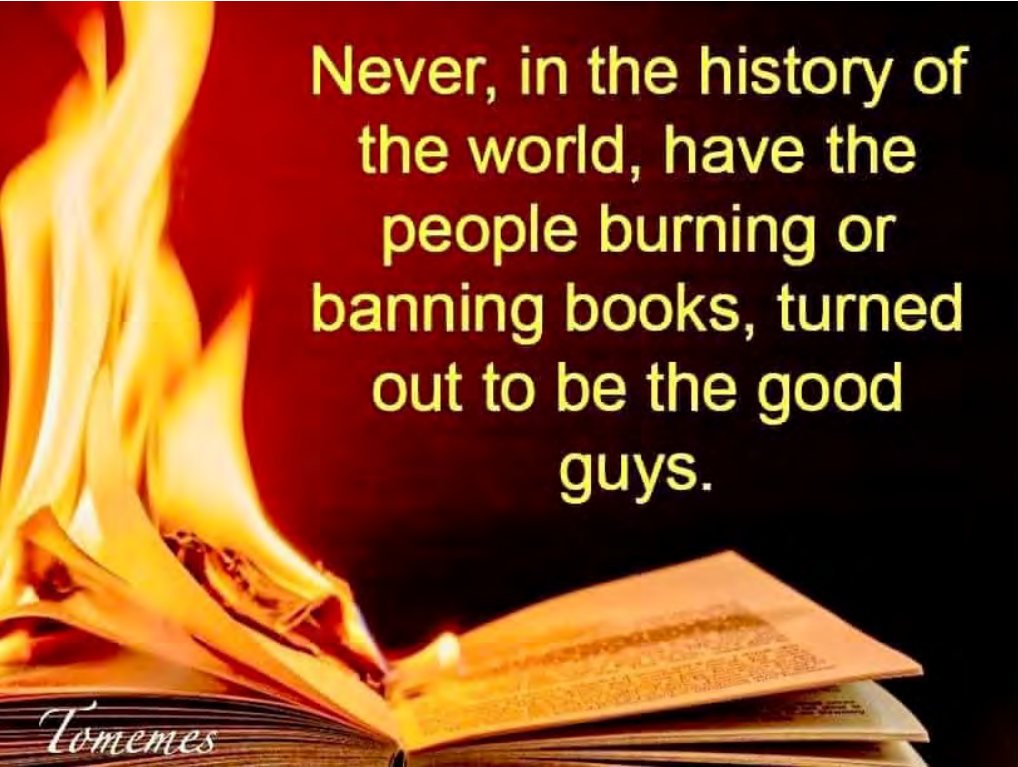

Not one single Democrat has ever been the Director of the FBI.

Their top 5 priorities are to protect Americans from all enemies, foreign or domestic:

1. Terrorist attacks
2. Espionage
3. Criminal activity
4. Corruption
5. White Collar Crimes

The FBI's top pledge is to prosecute anybody regardless of political affiliation because nobody is above the law.

The FBI is going after Trump not because the FBI is a liberal agency run by Democrats. It's because Trump has violated all 5 top crimes against the United States.

Never, in the history of the world, have the people burning or banning books, turned out to be the good guys.
